'round town

with Betty Allen...

Happy Valentine's Day to you! It's a good day because it gives everyone, young and old, an opportunity to say things without words.

★ ★ ★

Old Settlers' Day this year will be a real cause for celebrating—with so many of our Campbell men home from the service. Now on display in the show case in The Press office are copies of long-ago Old Settlers' Day programs, one dated 1896, and a large number of clippings and newspaper pictures, all concerning past Old Settlers' Days. Some of the people in the stories and pictures are gone now, but others are still very much alive and will, no doubt, enjoy seeing themselves in costumes and whiskers. One picture shows an attractive beard attached to T. A. Cutting which is being groomed by Miss Lois Lloyd, then business manager of the Campbell High school paper. In another one, Herbert Shadle make an authentic-looking George Washington.

★ ★ ★

Speaking of displays, the Boy Scouts, in honor of Scout Week, have had a grand showing of their equipment and handiwork in the window of Rhea's Golden Rule.

★ ★ ★

I have been meditating on the untidy state of newspaper offices—that is, MOST newspaper offices—and I am wondernig if it is due to the type of work or the type of people who choose that work.

★ ★ ★

The Paul Beckers delighted friends by sending out small announcements which told of the safe arrival of "Alice". Alice, it seems, is a 20 lb. fox terrier who was Becker's mascot overseas and for whose transportation home he endured a considerable amount of red tape. On Sunday Alice was both welcomed and surprised by a host of Campbell dogs (accompanied by the recipients of the announcements), who brought her gifts ranging from slightly used bones to unopened packages of dog biscuits.

★ ★ ★

A number of Campbell theater-lovers enjoyed "Brief Music" given last week by San Jose State students. Ensconched in the comfortable and unusual arrangements for the audience one evening were Mr. and Mrs. Carl Field and Miss Mary Sue Field, Miss Helen Stray, Miss Claribel Boesch and Miss Mary Louise Blair. Also among the audience was Ruth Comfort Mitchell, well-known Los Gatos writer.

★ ★ ★

On a recent jaunt to the mountains the small daughter of the "Bud" Fossums encountered snow face to face for the first time. She immediately wanted to remove her shoes and socks and "run in the suds".

La Rinconada To Be Private Club

Dr. S. J. Leider, owner of La Rinconada Golf and Country Club, has announced that the club will cease to be a public course in the near future and become a private club for members only.

Fifty more members will be admitted to swell the present membership to 200 before March 1, but after that date the next 50, which will close the membership, must pay initiation fees.

Improvements which are now being installed include glassed-in dining room, floor for dancing, an upstairs, outdoor deck and other additions. A swimming pool may be put in some time in the future.

Every week a name will be drawn from our list of new subscribers and printed in the classified ad column. The person whose name appears there may receive two free passes to the Campbell Theater by calling at the Press Office. Look and see if your name is there!

Campbell Restaurant Workers Testify at Trial

Olga Subdon, June Penhall and Viola Walden, waitresses at the Cozy Cafe, who testified last week at the murder trial of Thomas McMonigle. They said that McMonigle spent three hours in the cafe Nov. 2, the day Thora Chamberlain, Campbell High school student was last seen.
—Courtesy Call-Bulletin.

Mrs. Peter Spragia, co-owner of the Cozy Cafe on Campbell Ave., who identified Thomas H. McMonigle as the man who spent several hours in the restaurant on the day Thora Chamberlain disappeared.
—Courtesy Call-Bulletin.

New Hours At Library

Beginning next week hours at the Library will be changed. Every afternoon the hours will be from 2 to 5. On Monday, Tuesday, Wednesday and Saturday evenings, the Library will be open from 7 to 9.

New books continue to arrive at the library and among the last group are several juvenile ones, a large group of mysteries and a well-rounded variety for all book readers. The list includes:

Sue Barton Senior Nurse, Boylston; Sue Barton Junior Nurse, Boylston; All in a Lifetime, Buck; Valley of Power, Buckles; Return of Tarzan, Burroughs; War Chief, Burroughs; Till Death Do Us Part, Carr; Stars Are Dark, Cheyney; Lost Continent of Mu, Churchward; This Side of Regret, Cushman; Growing Up, De Schweinitz; Where My Love Seeps, Dowdey; Watchful at Night, Fast; New Pet, Flack; Johnny Chinook, Gard; Hi-ho for the Country, Gay; Twenty-six Men and a Girl, Gorky; Murder and the Married Virgin, Halliday.

Law and Order on Halfaday Crek, Hendryx; Woman in the House, Hichens; Furry Bear, Hoke; Perenial Pnhilosophy, Huxley; Anthology of Children's Literature, Johnson; Together and Apart, Kennedy; Murder Menagerie, Lane; Once Acquitted, Long; Far Away Music, Meeker; Boy's Life of Mark Twain, Paine; Selected Work of Tom Paine, Paine; Republic of Plato, Plato; Home to India, Rau, Spotty, Rey; Valley of the Sky, Skidmore; Showdown Guns, Stanley; Childhood, Boyhood, Youth, Tolstoi; Sportsman's Sketches, Turgenev; Party Plans: Showers, Wheeler.

Bucs Play "Big Game" at Los Gatos Friday

The varsity basketball game at Los Gatos Friday night will receive the spotlight in the S. C. V. A. L. as the local squad goes into the fray one game behind in the standings. Although the Bucs are a definite underdog, they will make a "do-or-die" effort, for should they beat Los Gatos, and Fremont trip Santa Clara, the final standings could show a five-way tie for first place among Campbell , Los Gatos, Fremont, Santa Clara, and Mt. View. Each would have won six and lost two in league games.

Interest has been at a high pitch in the league this year because of the evenness in ability of the five leading teams.

The lightweight contest promises to be close as both teams are capable of playing good games when "feeling right". Vic Corsiglia, being confined at home with the measels, will be missed by the local thirties.

In a practice game last Saturday night the Buccaneers eked out a 24-22 victory over a good Pacific Grove High five. Meyer led the scoring, but some important foul shots by Buck kept us in the running until in the closing minute with the score tied, Warren Adams dumped a one-hander for the winning two-point margin.

The lightweight fracas starts at 7:30, and from previous indications of interest in the affair, you should have your seat picked out and "sat on" before 7:00.

Walsh Is Commended

Martin Walsh, whto served as chairman for the 1945 Christmas Seal sale, has received a letter of commendation for his work from J. M. O'Keefe, president of the Santa Clara County Tuberculosis Association. He says: "You have assumed the chairmanship for Campbell for the past three years and have been most faithful in your efforts to make Christmas Seal sales increasingly successful. We want you to know that we appreciate all you have done during the several years you have been associated with the Tuberculosis Association."

Blaines Have New Granddaughter

Mr. and Mrs. Allan Stouffer, Peach Tree Valley, are receiving felicitations on the arrival of their second daughter, born Monday, Feb. 11. Grandparents are Mr. and Mrs. Ray Stouffer of Salinas, and Judge and Mrs. John L. Blaine, Campbell.

California Alumni Opposing Passage Of Bill Over Veto

Herbert M. Shadle, California alumnus, has received a telegram from the president of the California alumni, Robert Sibley, stating the alumni's objection to the passage of the $90,000,000 bill over the governor's veto which would jeopardize the University of California's building program.

The telegram reads in full:

"Certain members California senate and assembly endeavoring to pass ninety million dollar city and county gift bill over Governor Warren's veto thereby jeopardizing University of California whole building program, including vitally needed dormitories and Los Angeles and San Francisco campuses of medical building appropriations imperative for future welfare of State. We need your help to protect university. Immediately telephone. Personally talk to or wire your Senator Salsman and Assemblyman Miller at Sacramento to aggressively oppose overriding governor's veto and urge others to do likewise. Over five hundred sons and daughters, prominent citizens of California, were unable to enter university at Berkeley alone last term, to say nothing of other campuses due to lack of housing facilities. State funds for State needs are essential if our university is to endure in its wonderful service to California. California's two hundred thousand alumni both north and south are determined this meve to override governor's veto shall be defeated. Thanks, anticipating your immediate action."

Shadle says: "We need the help of all interested citizens and are asking them to telephone or wire their State senators and assemblymen to oppose the overriding of the veto."

Death Calls Campbell Woman

Funeral rites were conducted Monday, Feb. 11, at 2 p. m. from the Rancadore and Alameda Funeral Chapel in San Jose, for Mrs. Filippa Orlando who died last Friday. Entombment followed at the Oak Hill Mausoleum.

Mrs. Orlando, a native of Palermo, Italy, leaves her husband, Calogero Orlando, Campbell, and two daughters here, Mrs. Beatrice Prestigiacomo and Mrs. Pearl Lewis. There are also eight grandchildren and one great-grandchild.

Weekend in Modesto

Mr. and Mrs. Charles Wiggins spent last weekend in Modesto visiting friends and relatives.

Old Settlers' Day Speaker Chosen

Under the leadership of Walter Silberbauer, president of the Chamber of Commerce, plans for Old Settlers' Day, to be celebrated Feb. 22, are nearing completion. Speaker of the day will be war hero, Capt. William C. Dyer Jr., formerly assistant G3 of the famous Timberwolf Division who was awarded the Distinguished Service Cross for extraordinary heroism in action against the enemy on Feb. 23, 1945. He commanded an infantry company during the Roehr River assault and was first across the swollen stream. He then organized the first half of his squad across and personally wiped out enemy machine guns which threatened his company.

Dyer, whose home is in Salem, Oregon, is now a liaison officer stationed at the Presidio in Monterey.

Preceding the captain's talk, the traditional parade will be held under the chairmanship of Guy Smith, Legion member of the committee. Th morning's registration is under the jurisdiction of Frank Coupland, and Dave Ribble is in charge of publicity.

Highlight of the annual celebration will be the dance to be held in the High school gymnasium in the evening. Featured entertainment will be the Santa Clara County Pomona Grange drill team putting on an installation degree. Lowell Benson, now Chamber of Commerce director, is in charge of arrangements for the dance.

Martin Walsh, who secured the speaker, is the sixth member of the joint American Legion and Chamber of Commerce committee.

Old Settlers' Day was inaugurated Feb. 22, 1895, and according to a notation made by Lillie F. Shaw, dinner was "spread in the new Millett building's vacant store (soon to be occupied by C. H Whitman's hardware store)."

Young People To Have Dance

For the pleasure of Campbell young people and their friends in the vicinity, a dance is being arranged for the evening of Saturday, Feb. 23. It will be held at the Women's Club from 8:30 to 11:30.

Music will be furnished by a public address system playing the latest dance recordings of popular orchestras and there will be punch furnished for all. Other refreshments including hot dogs will be for sale.

Students in the Campbell schools and the surrounding schools have been invited to attend and Campbell students at San Jose State College are also expected to join the party.

The price of admission has been kept to the minimum and will cover only expenses.

Chaperones for the dance will be Mr. and Mrs. H. C. Nelson, Mr. and Mrs. Irving Henning and Miss Rosanna Clark.

Methodist Women Meet

This morning at 11 o'clock the Methodist Women's Society of Christian Service held a general meeting at the Methodist church. Luncheon was served by the Friendly Circle following the morning business session.

Mrs. E. R. Kennedy had charge of the program which was concerned with "The Planning of Africa for Lasting Peace" and Mrs. D. H. Cramer conducted devotions.

Visits San Diego

Mrs. W. B. Trout is in San Diego for a week's visit.

Campbell Units Celebrate Founders' Day

The Campbell High PTA met with the Elementary PTA in the grammar school auditorium for a joint Founders' Day program last week.

Preceding the meeting the executive boards of both units met separately, a brief business session followed. Elected for the nominating committee were Mrs. Clarence Fagalde, Mrs. Ray Flagg, and Mrs. Anthony Jurras. With them will serve Supt. J. W. Dent and a faculty member.

A paper drive was announced for February 11 to the 15. Members and friends are asked to bring bundles tied. Paper and magazines may be left at the school now. Proceeds will go toward the student electric score board.

Welcome guests were Mrs. E. L. Harriman, president of the Sunnyvale PTA; Mrs. Chester Henseley and Mrs. R. L. Reynolds, also members of the Sunnyvale unit, and Mrs. Otto Hansen, president of the newly created Moreland PTA.

At the conclusion of the business session, both units met in the auditorium for the program. Mrs. John Perata, Elementary PTA president, extended greetings and opened the program with song and the pledge of allegiance. Several numbers on the piano by Loren Syivia, high school student, were enthusiastically received.

Mrs. A Jurras presented Mrs. Henry Jensen with the High School PTA Life Membership, and Mrs. Rex Fuller, on behalf of the grammar school unit, made the presentation of a Life Membership to Mrs. J. W. Knowles.

A biography of the founders of the PTA, Phoebe Apperson Hearst and Alice McLillan Birney, were read by Mrs. Edna Smith.

The impressive candlelighting ceremony was participated in by members of both units, the home being represented by Mrs. Ray Flagg, the church by Mrs. H. Binley, the school by Mrs. A. Weltz, and the community by Mrs. W. Pfeffer.

Following the program the members adjourned to the cafeteria where the past presidents were honored, and refreshments were served on beautifully decorated tables.

As the silver offering was taken, Mrs. E. Booker, Campbell High PTA president, explained its use in the student revolving fund.

Mrs. H. Cousins and Mrs. L. Ackerman were co-chairmen in charge of the arrangements for the day.

All officers and chairmen are asked to have annual reports ready by the March 13 meeting.

At the business session of the Grammar school unit, Miss Fesler, county nurse told of the well-baby clinic held once a month and asked for volunteers from the PTA membership to assist with this project.

The nominating committee elected to serve includes Mrs. Rex K. Fuller, chairman; Mrs. Margaret Singleton, Mrs. W. L. Powell, Mrs. R. L. Rees, Mr. William Henley and Mrs. Herbert Binley as alternate.

Former Resident To Be Discharged

Major H. H. Person, for many years a resident of Campbell, will receive his Army discharge the first of March. The Persons now make their home in Portland, Oregon.

Has Heart Attack

Mervin Keesling was treated at O'Connor Sanitarium following a heart attack suffered last week. He is now convalescing at home.

EDITORIAL

BROTHERHOOD WEEK

Next week the Nation will observe the 13th annual Brotherhood Week which is aimed at mobilizing a vast public opinion for national unity and at stamping out inter-group hatred and bigotry.

In the war just past we said that we were seeking the liberation of all peoples. Now we must prove that we mean it—and that proof must begin at home. We must prove our sincerity by demanding that all men, regardless of race, color or creed, be accorded the same rights and privileges we claim for ourselves.

To find a lasting cure for war we must begin with ourselves and get rid of the animosities based on prejudice. The real peace must come through the individual brotherhood of man, through the effort on the part of tach person to better understand and appreciate his neighbor.

In this way each one of us may have a part in the construction of an enduring peace.

FARMERS AND LABORERS

WASHINGTON—It gives no joy to issue storm warnings. But the price-wage turmoil of today may have equal or even greater repercussions next spring when farmers lose their food subsidies.

What most people don't realize is that the public is squarely in between two powerful, well-organized pressure groups, both with very conflicting interests, both sometimes taking a public-be-damned attitude. One is organized labor. The other is the farm organizations, which, while they can't strike, can and will exert effective pressure when subsidies are removed.

Both groups work against each other in the following manner: When labor raises wages in the cities, this sucks labor away from the farms. Whereupon the farmer has to raise farm wages in order to compete with the cities. This in turn increases his cost of production, forcing him to increase prices or go out of business.

At present, the farmer can't increase prices because of OPA. So the government, recognizing the injustice of his higher operating costs, gives him a subsidy. When this subsidy is removed, he will have to increase prices—unless operating costs are reduced. And the current strike wave is constantly forcing up the cost of labor.

All this operates in a vicious circle. For, the minute food prices go up, labor will come in for more wage increase, based upon the cost of living.

Organized labor, of course, can better take care of itself. But unorganized and unprotected are a great body of white-collar workers, unskilled labor, plus the middle-class business men who get squeezed in between. This is the group which is getting sorer and sorer at labor. There was a time when they were sympathetic, but not now. This is the red flag of public opinion which organized labor needs to watch.

★ ★ ★

U. S. MARES TO EUROPE

Biggest foreign purchase of horses since Mussolini drained the southwest for his Ethiopian transport divisions is now taking place in the Middle West. UNRRA is buying 16,000 American mares for disposal in Greece, Yugoslavia, Poland and Czechoslavakia—countries from which the Nazis drove away most of the horse population.

The mares are being purchased under the supervision of the department of agriculture which has passed the job on to the Sparks-Norris horse and mule company in St. Louis, Owen Brothers in Memphis, and Dean Bowns and W. L. Elder in Des Moines. Average price paid by UNRRA to the dealer is $77 and $97.50 per head.

This has aroused criticism in the farm belt, because dealers are paying only $50 to $60 per horse, thus netting a profit of about $25 each. However, argriculture department officials defend prices on the ground that dealers take a risk on sick horses, accidents during shipment, etc.

The Army paid an average of $165 per head for horses during the war, but was more particular, rejecting horses for scars and blemishes. Mares now being purchased must be three to eight years old, broken for both work and riding. They are being shipped overseas from Baltimore, New Orleans, Jersey City, and Portland, Me.

NOTE. — Tip-off to the fact that Mussolini was planning to conquer Ethiopia came two years before his war started when, in 1933-34, the Italians suddenly bought $342,798 worth of mules from Missouri, Arkansas and Texas.

ADMIRAL NIMITZ'S POINTS

Adm. Chester Nimitz, new chief of naval operations, was sitting in the Navy building barber shop near a captain in the naval reserve.

The four-striper, exchanging pleasantries with the former U. S. commander in the Pacific, twice reminded his superior that he had sufficient points to get out of service, and seemed just as anxious to be separated as the average seaman first class.

Smiling mischievously, Nimitz replied, "I never thought I'd get enough points to get out of the Pacific."

★ ★ ★

MERRY-GO-ROUND

Those two one-time enemies, AFL's William Green and United Mine Workers' John L. Lewis, were seen, heads together, lunching at the Mayflower hotel here recently. "This may be an historic conference," Green remarked to a passing friend.

Says Congressman Smith of Wisconsin regarding a department of peace: "I would be in favor of spending as much for this type of program as we are spending for the military establishments today. I would like to see a Secretary for Peace within the cabinet." . . . Teachers' Digest has sent to 30,000 leading educators the following sage advice: "You may admire Russia or you may dislike her violently. No matter how you feel, one fact remains: If Russia and the U. S. agree, these two countries can assure the peace of the world."

California Second In Potato Chips

In recent years California has progressed so fast and so far in such a wide variety of lines many are inadvertently overlooked. A recent survey by the National Potato Chip Institute shows the Golden State has become second to Idaho as the Nation's leader in the production of potatoes for use as potato chips.

Further, with its continued increase California will soon pass Idaho and stand foremost in this food staple. The survey shows that of all potatoes used by the chippers, Idaho produced 11.5 per cent, while California grew 10.4 per cent and Pennsylvania was third with 8.6 per cent.

Russet Burbank led, of preferred varieties, comprising 36 per cent of the weight. Cobblers were second with 25.8 per cent. Third was Katahdin with a flat 9 per cent. The remaining 29 per cent was distributed over 12 varieties. In total, 649,535,689 pounds of potatoes were grown for potato chip use in 1945.

Mary Ellen Parker Recent Bride

A bride of late January was Miss Mary Ellen Parker, former Campbell High school student, who was claimed in marriage at the Christian church in Santa Ana by John J. Franz. The new Mrs. Franz, who is a graduate of Chapman College, has been youth director of the Santa Ana Christian church for two years.

The benedict, recently returned from three years overseas' duty, attended Los Angeles City College. After a honeymoon at Del Mar the young couple will make their home in Santa Ana.

Californians Win 15th Game

By defeating the San Bruno Navy basketball team, 66 to 51, the Campbell Californians won their 15th successive game in the Open League in San Jose last week. This means that they have won half of the competition in the Open League and are headed in the right direction for a smashing victory. This team won last year under the sponsorship of the Globe Engineering Co., and the boys were also the winners of the Mercury Herald tournament.

The team is one which was in existence for many years and was revived when the service members returned home. Bud Bachman, Sandy Hedegard and Al Carter are the three ex-service members, while a fourth member, Lieut. Paul Borg, is still in service at Treasure Island. Kay Borg and Bert Robinson are attending San Jose State, but find time to play with the team. Two other Campbell members are Don Snow and Byron Tonascia.

Arrangements have been made by the team to enter the A.A.U. tournament which starts Feb. 23 in San Francisco.

Valentine Motif for Box Social

An old-fashioned box social with a valentine motif was given by the Saturday-Nighters at the Women's Club last Saturday evening with Mr. and Mrs. Frank Blaine in charge of arrangements.

Beckers Honored

The home of Mr. and Mrs. Budd Levenberg was the scene of a potluck dinner last Saturday evening when Mr. and Mrs. Paul Becker were honored by a group of their friends.

Benny Gaodman Plays Friday Eve

Benny Goodman

Benny Goodman, now on tour throughout California with his orchestra and the famous Goodman Swing Sextette, makes a personal appearance in San Jose at the Civic Auditorium on Friday, Feb. 15. Returning to the West coast after triumphant engagements in Billy Rose's "Seven Lively Arts" and the "400 Club" in New York, the new Goodman band is expected to smash all previous records.

For the sextette Benny Goodman draws from the orchestra some of the most popular swing artists in the country, including Mell Powell, downbeat award winner for piano stylings; Charley Perry, Mike Bryan and Barney Spieler.

Art Lund and Liza Morrow appear as featured vocalists with Benny Goodman and his orchestra in San Jose.

Wait Waved For Vets

War veterans desiring to take examinations for real estate brokerage or salesmen's licenses are not being required to wait the customary 60 days after their application, Gov. Earl Warren was notified today.

Hubert B. Scudder, State Real Estate Commissioner, said the waiting period is usually required in order to enable the commission to investigate the background of the applicant. It has been waived in the case of veterans, he said because "in some instances it was working a hardship on returned veterans who had limited funds and needed to go to work immediately."

The rule applies to all veterans who file application for a license within 90 days after discharge from military service. A greater delay is taken to indicate no emergency exists, Scudder said.

Attend Gift Show

Miss Jane Parr of the What Not shop, accompanied by Miss Helen Snitspan, owner of the San Jose Flower Basket, returned Monday after attending the Gift Show held from Feb. 7 to 11 in San Francisco. The Gift Show is given three times a year.

Ceiling on Speed Limit Favored

Establishment of a fixed state speedlimit of 50 miles per hour in California to remain in force until March, 1947, as proposed in Assembly Bill 145, has received first favorable action before the Legislature. The bill, by Assemblyman Michael J. Burns and others, was recommended for passage by the Assembly Committee on Transportation and Commerce.

The temporary reduction in California's present 55-mile per hour prima facie speed limit is strongly supported by the California State Automobile Association, which pointed out to the Assembly committee during the hearing on the measure that an absolute ceiling of 50 miles per hour, beyond which it will be unlawful to drive at any time, would effect considerably more than a 5-mile per hour reduction. Under the present prima facie speed limit, speeds of 70 and 75 miles per hour have been held to be lawful by the courts. Thus the proposed 50-mile per hour ceiling would eliminate the possibility of higher speeds being permitted under so-called favorable conditions.

Since V-J Day fatal traffic accidents in California have increased 50 per cent, and the number of such accidents on rural highways has increased more than 300 per cent, the committee was advised by Edwin S. Moore, manager of the Automobile Association's Public Safety Department. He attributed this rising traffic toll largely to the age and condition of tires and motor vehicles now on the highways. During 1946, he said, it is probable that not more than 20,000,000 new tires will be available for the 23,500,000 automobiles now in use.

"This means less than one new tire per car, and the majority of motorists must continue to drive on tires which are definitey unsafe at high speeds," Moore said. "In addition, the automobiles now operating average more than eight years of age, and while they are safe at moderate speeds, they become dangerous at high speeds. Since V-J Day, tire and mechanical failures resulting in fatal accidents have increased 100 per cent."

AMA Approves Cancer Society

At the annual luncheon of the American Cancer Society held in the Fairmont Hotel, San Francisco, on Friday, Feb. 1, 1946, it was stated that the American Medical Association is in hearty support of the service program planned by the national group.

Mrs. Harold G. Bogart, Regional Commander, spoke on the "National Aspect of the Program for the Eradication of Cancer". Mr. D. V. Nicholson, Northern campaign chairman, spoke on the "Organization for the State Campaign" and Mrs. Doris Ryer Nixon, State Commander of the American Cancer Society, spoke on "The Twelve Point Program for the Eradication of Cancer".

Mrs. Ambrose Byrne McSweeney, county chairman, and Mrs. Blake Wilbur, chairman for Palo Alto, were guests from the Santa Clara unit.

Maritime Service Has Discharge Button

The United States Maritime Service is now issuing a discharge lapel button, similar in significance to the emblem issued to former members of the armed forces.

Resembling closely the one worn by Army, Navy and Marine veterans, the gold-plated pin shows the eagle with his talons entwined about an anchor, with a laurel wreath encompassing the central figure.

Applications for the emblems may be secured at Maritime Service and War Shipping Administration offices.

Former Sergeant Now Civilian

Back home with an Army discharge after three and one-half years in the service is Sgt. Arthur Fields, son of Mr. and Mrs. M. F. Fields, Winchester Road. A Campbell High school graduate, Fields was employed at the U. S. Products Co. in San Jose before entering the service. He plans to enroll soon in the Golden Gate College in San Francisco.

Camouflage on Apple Trees

White cottony masses in the clotches or along the trunk and branches of an apple tree are not what they would seem. The white mass is really a waxy camouflage that covers the reddish body of the wooly apple aphid. When they gather in groups the cottony appearance comes from the mass of white waxy material. They also hide about the roots of the tree during the dormant season.

Included in the control program for wooly apple aphid is a winter spray with three gallons of dormant oil emulsion plus three gallons of liquid lime-sulfur solution per 100 gallons of water.

In March or April the trees' trunks should be banded with sticky banding material to prevent migration of the aphids from the roots to the tops of the trees.

To kill the aphids on the roots, treat the soil in late fall with paradichlorobenzene, two or three ounces per trees, or in fall or winter with carbon disulfide emulsion, diluted one part to two parts of water, at the rate of five to ten gallons per tree. Both of these fumigants may injure or kill young trees unless used sparingly.

Aphids on the limbs or in the blossom ends of fruit in the summer may be killed by spraying with a solution of one gallon of whale-oil soap and three-quarters of a pint of 40 per cent nicotine sulfate per 100 gallons of water.

Goal For Poultry Meat

How about raising poultry in 1946?

Several influences may tend to lower the demand for poultry meat in the year ahead, and Assistant Farm Advisor, M. S. Beckley, outlines them for us.

The military, of course, won't take anything like as many chickens and turkeys as this past year. At the same time, civilians in this country probably won't want as much chicken meat when they can get more red meat. So farmers won't need to raise as many turkeys and chickens as they did in '45.

You get some idea how many fewer poults and young chickens farmers may raise from the national poultry meat goals recommended to farmers in the States by the U. S. Department of Agriculture.

Even allowing for civilians taking more turkey and almost as much chicken as in other war years before this last year, the department figures farmers can meet all requirements by raising 17 per cent fewer chickens, and 16 per cent fewer turkeys than last year.

Raising 17 per cent fewer young chickens, farmers can raise enough pullets from those chickens to have as big flocks at the end of 1946 as now and a bigger proportion of pullets in those flocks.

The 17 per cent fewer young chickens than last year applies to farm flocks which produce four-fifths of all the chicken meat sold. The department has not yet made any recommendation to commercial broiler producers. However, it has warned broiler producers to review the poultry meat supply situation before starting chicks for broilers.

On a Rainy Day Make Ready

When the harvest is at hand it is too late to think about building labor saving machinery. The rainy days of the winter and spring do afford time for such tasks.

Farmers are going to have another harvest season this year when labor will not be plentiful and labor saving devices may help to cut costs as well as save crops that may not all be harvested in some cases.

Through the ingenuity of farmers and the aid of the agricultural engineering specialists of the College of Agriculture, many mechanical means have been developed to lessen work required to produce and harvest California crops. Many of them are described in a publication of the Agricultural Extension Service. The various devices are pictured and described. In some instances blueprints with construction details and bills of materials are available at small cost from the College of Agriculture.

The circular, Labor Saving Devices for California Farms, compiled by W. R. Ralston and F. H. Ernst, will be supplied free to anyone requesting it at the Agricultural Extension Service office, 201 Post Office Building, San Jose.

Moreland Notes

Eighth grade class reporters: Dudley Herschbach, chief; Neil Phillips and Bobby Sunzeri, assistants; class editor, Betty Pierce.

Moreland and several other schools belong to an elementary school basketball league. They have basketball games every Friday. Last Friday they won their first basketball game over Whisman school at Whisman's court. Whisman school is near Moffett Field. The whole class went in the bus. On the way we saw several big planes landing at Moffett Field. We saw some radar equipment also. It was a very exciting game. Moreland scored first. The final score was 14 to 5 in Moreland's favor. The victory was largely due to the coaching of Mr. Vieira, our bus driver. Because it was our first victory, we had an ice cream treat on the way back. Next Friday Moreland will play Almaden Union school on our home grounds.

By the 6th Grade Reporter

On Feb. 7, 1946, Troop 31, Moreland School went up to the junction of the Big Basin Highway and Skyline Blvd. The troop had a short hike. The troop had a few snow fights with the little patches of snow they found. The troop made a very small snow man. Mrs. P. Montmorency, the leader, and Mrs. T. B. Keesling did the transporting. The troop enjoyed their trip very much.

Girls making this trip were Joyce Mazzurco, Marian Davalos, Ruth Martin, Nikki Keesling, Gwen Robertson, Haurkw Montmorency, Sharon and Laurel Jean Peterson.

Moreland PTA Meets

The Moreland school PTA met for its first meeting since its organization, Wednesday, Feb. 6. It meets on the first Wednesday of every month. Its officers are: Mrs. Hansen, president; Mrs. Fred Smith, secretary, and Mrs. Speno, treasurer. Refreshments were served by the executive board. There are 38 charter members in the organization. The meeting concluded with a social hour. New members are welcomed.

Ira Grim Returns from Hospital

Ira Grim, Campbell postmaster, returned from O'Connor Sanitarium last weekend following an operation. He is reported as convalescing nicely.

Navy Man Home

Perley B. Payne Jr., son of Mr. and Mrs. Perley B. Payne, and former AOM 3/c in the Navy, is now at home with an honorable discharge. Prior to going to Pearl Harbor, he attended the Naval schools at Farragut, Idaho; Norman, Oklahoma, and Wrigby Island, Washington.

During his absence his wife has held a responsible position with the Japanese Relocation Center for this area. The Paynes have one small son.

Weekend in Modesto

Mr. and Mrs. F. B. Fossum and their family spent a recent weekend in Modesto visiting friends.

More Children May Attend Kindergarten

William C. Henley, Campbell Elementary school superintendent, announces that the afternoon session of the kindergarten will accept a small group of children in addition to those already enrolled. To be eligible, children must have ben born prior to March 1, 1941.

Campbell Couple To Wed

A marriage license has been issued to Billie J. Abner and Joseph Hessler, both of Campbell.

Board Will Review Navy, Marine Corps and Coast Guard Awards

A Board of Review for Decorations and Medals, headed by Admiral Frederick J. Horne, USN, has been appointed by Secretary of the Navy James Forrestal to prevent any oversights, injustices or omissions in the presentation of awards to officers and enlisted men of the Navy, Marine Corps and Coast Guard.

The board, composed of regular and reserve officers of the Navy, Marine Corps and Coast Guard, will review such cases as may be advisable "in order to assure, insofar as may be practicable, that there may be no oversights, injustices or omissions," Admiral Horne explained.

All present and former commanding officers, in service or released to inactive duty, should submit to the board any recommendations for service during the present national emergency desired for personnel of their present or former commands who have not previously been recommended. Individuals who consider they merit an award for service performed during this period should communicate with their former commanding officer, setting forth pertinent details.

Farm Bureau Meets at School

The Campbell Grammar school was the scene last Monday night of the regular monthly meeting of the Santa Clara County Farm Bureau. Herbert Jones, San Jose attorney, spoke on the immediate need for rainwater storage to maintain present water levels in spite of increased drain on water to service industries.

This was the first of the new schedule of meetings to be held in various communities.

Chop suey is unknown in China, having been invented by a cook in San Francisco's Chinatown.

Hartley Oversea

Pfc. Lawrence Edwin Hartley, USMC, 330 Maple St., Campbell, spent part of Christmas day sight-seeing in Apia, Upolu Island, British Samoa.

Some of the sailors who rated liberty went into Apia to witness a colorful Kava ceremony and Siva dance, traditional native welcoming ceremony to high personages; others climbed the long hill at one edge of town to see the grave of Robert Louis Stevenson. Christmas night the townspeople gave a dance for the enlisted men of the ship.

Two weeks earlier the ship was at the French port of Noumea, New Caledonia, where many of the men went ashort to sample French cooking and buy souvenirs. Others wandered through the town gazing at quaint old houses—and pretty French girls.

Then the Vincennes moved to Suva on the island of Viti Levu in the British Crown Colony of the Fiji Islands, where the men got a rare treat, fresh milk. Some trooped to the museum to look at the century-and-a-half old remains of the rudder of HMS Bounty, famed in the novel "Mutiny on the Bounty."

New Teacher at Grammar School

Recently discharged from the Army, Ben Zeigler, is a newcomer to the Campbell Elementary school where he is teaching a variety of subjects. Zeigler comes to Campbell from Pacific Grove.

Will Entertain Los Gatos Group

Sunday evening at 7 o'clock the Campbell Methodist Youth Fellowship will have as their guests the young people of the Los Gatos Methodist church. A short worship and discussion period will be led by Rev. Osborne, followed by a social hour directed by Mr. and Mrs. Earl Buck, the councellors for the Campbell group.

Clothing Drive Successful Here

Under the co-sponsorship of the Kiwanis club and the Fire department, the clothing drive here resulted in the collection of more than 30 boxes of clothes which amounted to two full truckloads. Joseph McKinnon, county supervisor was responsible for the transportation of the clothes to the collection depot.

Fair Officials Fight Passes

Passes, the bane of a fair man's life because everybody demands them and free admissions mean lower gate receipts—are due for some serious consideration at the College of Fairs in San Luis Obispo.

Some executives attending the course of instruction sponsored by the Western Fairs Association urge that passes be issued only to the working press, employees, concessionaires and exhibitors.

One of the fair officials, Jesse H. Chambers, secretary-manager of the Santa Barbara County Fair at Santa Maria, has even invoked the Bible to support his case against indiscriminate use of passes.

Here are the quotations he offers:

None shall pass.—Isaiah XXIV. 10.

Thou shalt not pass.—Numbers XX. 18.

Suffer not a man to pass.—Judges III. 28.

There shall no strangers pass.—Amos III. 17.

Neither any son of man pass.—Jeremiah II. 43.

Though they roar, yet cannot cannot pass.—Jeremiah V. 22.

Chambers' final clincher is: So they paid the fare thereof and went.—Jonah I. 3.

The College of Fairs, sponsored by the Western Fairs Association, the University of California at Davis, California Polytechnic College, and the California Division of Fairs and Expositions, is being attended by 250 fair executes from California, Washington, Oregon, Montana, Utah, Arizona and western Canada.

Vets Ask Schools to Aid

Pointing out that thousands of veterans are being refused admission to universities due to lack of housing, classrooms and teachers, Richard H. Newhall, California department commander of the Veterans of Foreign Wars, has called upon school authorities to take steps to ease the situation as quickly as possible.

Newhall said that Veterans Administration officials have advised him that 657,333 veterans have applied for education assistance.

"The Veterans of Foreign Wars," said Newhall, "hereby call upon the people of the United States to open their doors and rent living quarters to veterans anxious to continue their education.

"The veteran is being urged to utilize the smaller colleges in the nation but that alone will not alleviate the future situation. Housing, expanded colleges and universities physical plants, and the retainership of qualified instructors are all problems that must be met and met within the near future unless education be denied to thousands upon thousands of veterans."

Footlighters Have Skit

At the meeting of the Footlighters Tuesday evening, the potluck supper was followed by a musical skit entitled "We'll Have to Mortgage the Farm", directed by Mabel Keesling.

Clear Lake is the largest body of fresh water wholly within California.

The city of Auburn in Placer County was incorporated March 29, 1860.

Old Settlers' Day, 1896

The following account of Old Settlers' Day is taken from "The Campbell Weekly Visitor", Feb. 26, 1896:

OLD SETTLERS' DAY

The Largest Celebration in the History of the Town

The Old Settlers' celebration of Washington's Birthday was by far the greatest event that has ever occurred in this part of the country. The pioneers and their friends came from far and near to join in the festivities of the occasion. As early as eight o'clock teams began to arrive and when the hour appointed for the program to begin drew near the large cannery building was filled almost to its full capacity. The exercises were conducted on the second floor of the building and the assembly room presented a most attractive appearance with its decorations of flags, bunting, palm branches, flowers, etc. On the lower floor the native sons and daughters had arranged tables and seats for the banquet which was to take place during the noon hour.

At about half past ten the meeting was called to order and E. B. Conklin appointed chairman. After a selection by the Y. M. C. A. Band the first speaker, Judge Myrick was introduced and the audience were entertained by a most stirring address. Rev. Jenks, of San Francisco, followed with a very able and eloquent discourse which was well received. Professor Mole, of Oakland, delighted the audience with some very fine vocal music during the day. Not the least enjoyable feature was the banquet prepared by the ladies in attendance. The tables were loaded down with every good thing imaginable and every body took part in this number on the program to his full capacity. The after-dinner speeches were pointed and full of patriotic fire.

The celebration was a success beyond the most sanguine expectations and the day will long be remembered by those who were so fortunate to be present.

Church Board Meets

The Methodist Church Board of Education met last Monday evening with G. Arthur Tindall as chairman and Mrs. Frank Richardson as secretary. The representatives of the various church organizations discussed the plans for a visitation evangelism program on Feb. 24-28, under the direction of the Rev. Mahlon Young. The board made plans for strengthening the whole Christian education program of the local church.

Members of the board who were present were Arthur Tindall, Mrs. Frank Richardson, Mrs. Herbert Binley, Mrs. Joe Keesling, Mrs. Rose Hanger, Mrs. D. H. Cramer, Frank Blaine, Mrs. Ward Edsinger, Mrs. J. M. Dahl, Mrs. C. C. Byrnes, Ray Flagg, Walter Trask, and Rev. L. J. Osborne.

Marian Anderson Coming Soon

Marian Anderson

Marian Anderson, celebrated contralto, sings for the San Jose Concert Series on Monday evening, Feb. 25. This will mark Miss Anderson's fourth appearance for the Concert Series, the only artist with that record.

Reservations are already heavy for the great singer, whose voice, according to Toscanini, is one which is heard "but once in a century".

Tickets are on sale at the Denny-Watrous box office, San Jose Auditorium.

New Arrival

Mr. and Mrs. Seymore Wirth, Lowell Way, are the parents of a daughter born Jan. 31 at O'Connor Sanitarium. The new arrival has been named Kay Lynn.

Navy Dischargee

Among the many men receiving Navy discharge and re-entering civilian life is Wilbur G. Breshears, 30 N. First St.

UNO Site Still Attempted Here

Protests by the Grenwich-Stamford communities against UNO selection of that area as world peace headquarters, aroused Peninsula cities to full realization of the slighted acreage available at Stanford University as a possible UNO site.

Joining Mayor Roger Lapham of San Francisco in his statement that "the door is still wide open", Charles H. McDonald, Palo Alto attorney and Democratic candidate for Congress from this district this week wired Congressman Frank C. Havenner as follows: "Urge you spearhead California delegation in an eleventh houd attempt to persuade American UNO delegates to press for location of UNO site in San Francisco or the peninsula."

Morton Joins Law Firm

Richard W. Morton, son of Mr. and Mrs. Harold Morton of Campbell, has announced his association with the law offices of Harvey C. Mille in the First National Bank building, San Jose.

Formerly a member of the faculty of the College of Law at the University of Santa Clara, Morton recently held the position of area rent attorney with the Office of Price Administration for the San Jose area.

Scout Troop Makes 300 Bags

Girl Scout Troop 25, under the leadership of Mrs. J. L. Parker, has completed 300 nurses' aid bags. They also made up a collection for the Infantile Paralysis drive and doubled it from the treasury.

Gmammar School PTA Has Successful Paper Drive

Mrs. Everett Nelson, chairman of the budget and finance committee of the Campbell Elementary PTA, announces the successful completion of the group's paper drive. A total of 15 tons of paper was collected at the school. Mrs. Nelson was assisted by members of the executive board and wishes to thank them and the volunteer workers from the group who, with the students, worked at the school.

Several students received small cash prizes for bringing in 1000 or more pounds of paper, and six rooms receiving prizes for collecting unusually large amounts.

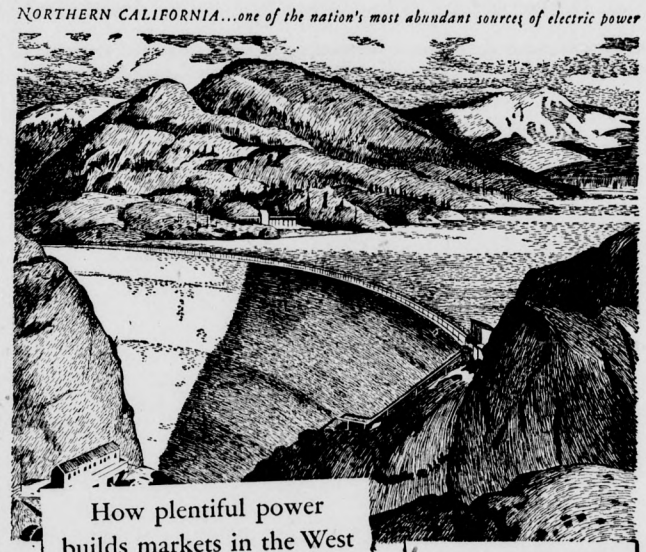
NORTHERN CALIFORNIA...one of the nation's most abundant sources of electric power



How plentiful power builds markets in the West

More than half of all the hydroelectric power in the United States is generated in the West. Thirty-seven billion kilowatt-hours annually.

And one important result is... better markets for your products.

Western housewives, for example, buy far more home appliances than average housewives. Seventeen per cent more of their homes are wired for electricity, and their standards of living are consequently higher. Western farms use nearly three times as much electricity as average farms, California alone accounting for more than half the country's entire rural consumption.

So plentiful power helps build western markets just as it helps lower manufacturing costs, and nowhere in the West is power more plentiful than in Northern California. Here, the Pacific Gas and Electric Company's vast interconnected generating system has a capacity twice that of Boulder Dam, and 60 per cent greater than Bonneville and Grand Coulee combined. Rates are among the lowest in the nation.

If power is important in your business, either in creating a market or in producing for one, investigate the advantages of locating in Northern California. The Pacific Gas and Electric Company will be glad to help you in every way possible.

Northern California...industrial center of the new Pacific World

PACIFIC GAS AND ELECTRIC COMPANY

P. G. and E. engineers will help you locate your plant

A well-trained Pacific Gas and Electric Company engineering staff has been built solely to help industrial firms learn the facts about locating in Northern California. This staff works closely with established agencies throughout the entire area, and its service includes at no charge...

A thorough study of available sites; photographs, maps, aerial perspectives.

Complete information on environment, transportation, drainage... trucking and freight rates.

Estimated cost of property, of any necessary improvements, of power and other utilities.

For more information, or assistance of any kind, write Pacific Gas and Electric Company, San Francisco 6, California.

POWER... *to Pace the Future*

Electric energy, the "White Coal" of the West, has been an important factor in the challenging growth and prosperity of Northern California. The abundance of this electric power, its widespread distribution at rates among the lowest in the nation, have fostered a live demand for a great diversity of products for the home, farm, factory and business. A dependable supply of hydro-electricity has helped make Northern California one of the richest markets in the Nation.

You, who use electric appliances in your homes and constantly add to this family of mechanical servants, are that market. You buy and use far more electrical appliances than folks elsewhere in the country and you can do so because electricity is convenient and cheap. You, who have farms in Northern California, use more than half of the Nation's entire rural power load. You have complete electric service in your farm home, in the fields and barns. And you, like Northern California business and industry, use electricity to help lower your production costs.

Low cost electric power, and lots of it, has been a builder of markets in Northern California. It took the heavy demands of wartime industries in stride and is ready now to pace the future.

This is the fourth of a series of Pacific Gas and Electric Company advertisements to attract new industry to Northern California. It will appear in Time and the Saturday Evening Post.

CHRISTIAN SCIENCE

"Soul" is the subject of the Christian Science Lesson-Sermon for February 17, with the following Golden Text: "The sun shall be no more thy light by day; neither for brightness shall the moon give light unto the: but the Lord shall be unto thee an everlasting light; and thy God thy glory" (Isaiah 60:19).

Included in the sermon are these citations:

Revelation 21:1: "And I saw a new heaven and a new earth; for the first heaven and the first earth were passed away; and there was no more sea."

"Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Truth will at length compel us all to exchange the pleasures and pains of sense for the joys of Soul" (p. 390).

County To Spend More Than Million

Santa Clara County's highways and bridges program for the present fiscal year calls for an expenditure program of $1,401,940 to be spent by the county government alone, California Taxpayers' Association said today, making public its study of county highway budgets in California for the current year. This does not include federal money available under the special federal appropriation for county feeder roads, recently made available by Congress.

The county's highways and bridges program is to be financed by $350,000 from the county's share of gasoline tax receipts, $13,000 from a countywide property tax, $46,181 from miscellaneous federal, state, and county revenues, and $919,133 from cash balances.

Over the state as a whole, the highways and bridges expenditure programs of the 57 counties total $43,909,811, with $42,341,742 going for direct highways and bridges work and $1,568,069 for bond interest and redemption.

The counties' highways and bridges program is to be financed by $13,199,387 from the gasoline tax, $3,846,932 from motor vehicle fees, $3,745,314 from countywide property tax, $2,400,971 from road district taxes, $3,560,278 from miscellaneous federal, state, and county revenues, including fines, $307,880 from the motor vehicle "in lieu" tax, $349,062 from the sale of bonds, and $16,499,987 from cash balances.

The highways and streets program in California is carried on by three levels of government, the state, the counties, and the cities. A big part of the support for the work done by each of these levels comes from the gasoline tax and from motor vehicle fees, revenues from which are shared by the three levels of government.

Mrs. Paul Roberts and Children Here

Mr. and Mrs. Paul Roberts have sold their house in Aptos and Mrs. Roberts with their children, Kathryn and Paul Calvin, are with Mrs. Roberts' parents, Mr. and Mrs. Calvin Bohnett. Mr. Roberts has enrolled at the University of California for graduate work and will be joined by Mrs. Roberts and the children as soon as housing is available.

Phelan Awards To Be Made

An announcement was made today by the Trustees of the Estate of the late Senator James D. Phelan of two awards being offered for the year 1946-47, each carrying a stipend of $900. They are made available annually under the terms of a bequest to bring about a further development of native talent in California in the fields of literature and art.

Noel Sullivan of Carmel, speaking for the trustees, called attention to the fact that this year, for the first time, the literature award will be open to writers of drama. The competition in art is open to artists in the field of sculpture.

Applicants for the award, both men and women, must be native born citizens of California, and must be between the ages of 20 and 40. Applications must be made on forms especially provided for that purpose, and may be obtained from the office of the James D. Phelan Award in Literature and Art, 820 Phelan Building, San Francisco, 2. The competition closes the 30th of April, 1946.

Those competing must furnish the names of three persons who have knowledge of the field in which they are working, and who are acquainted with the applicant and his work. In addition, applicants are required to present specimens of their handiwork.

Two committees of experts in each field will be appointed by the trustees to recommend to them the successful candidates. Awards will be made about the 1st of June, 1946.

Meyer Returning

S/Sgt. John D. Meyer, Campbell, is one of 1630 Army veterans returning to the States aboard the SS Azalea City, which left Yokohama, Japan, Jan. 19, and is scheduled to arrive in Seattle soon. The SS Azalea City is one of many Merchant Marine ships which assisted the Navy in maintaining supply lines to island bases seized throughout the Pacific.

Gordons Entertain

Mr. and Mrs. Richard O. Gordon, E. Campbell Ave., entertained at dinner last week in honor of Mrs. Gordons' sister, Mrs. LeRoy Gordon. Both sisters were surprised by the guests with baby gifts.

Chamber Supports Hawaiian State

Full support for early Hawaiian statehood, and action to arouse national sentiment in favor of making Hawaii the 49th state was voted by the board of directors of the California State Chamber of Commerce, meeting in Los Angeles, it was announced today. News of this action is being sent California's senators and congressmen, the House subcommittee on territories, and other individuals, groups and official organizations.

A special State Chamber committee, headed by Preston Hotchkis, Los Angeles, and including R. B. Hale and J. D. Zellerbach, San Francisco, made an extensive survey of the statehood movement. This included special studies through sources in Hawaii, with Pacific Coast commercial interests and of findings of congressional committees investigating the subject.

"Our studies included landholdings, interracial relationships and population trends," Hotchkis reported to the board. "In every instance, we found evidence to sustain Hawaiian claims of an intense Americanism and a sound economy. A territorial plebiscite revealed 67 per cent of the voters favor statehood.

"During the 46 years Hawaii has been an American territory, its people have shown themselves fully capable of self-government. Business interests—both in Hawaii and on the Pacific Coast mainland—all have expressed themselves very favorable to Hawaiian statehood, and have urged the California State Chamber of Commerce to inaugurate on the mainland a campaign to accelerate proceedings for granting statehood."

The long established business and special relationships between California and Hawaii, dating back to the 1850's were recalled by the State Chamber's board of directors as they unanimously voted to get behind a speedy admission of Hawaii as the 49th state.

Miss Goldsworthy To Speak

The Country Woman's Club will meet for its regular meeting Monday afternoon, Feb. 18. Miss Philomenia Goldsworthy will speak on "Arts and Skills" work carried on by the American Red Cross.

Red Cross work will be passed out and members are asked to return all finished articles.

Redecorating New Racket

"Apartment for rent—if the new tenant will first foot the bill for redecorating."

This racket, newest in the crowded rental field, was described today by Henry A. Cross, Northern California District OPA Rent Executive.

"Three complaints of this nature have ben reported to the local OPA rent office already this week, indicating an increase in this type of rent control evasion," he stated. "It is probably the most expensive device yet developed to entrap desperate homeseekers."

No tenant can be legally required to redecorate rental premises in addition to paying the OPA ceiling rate, Cross emphasized. He urged that illegal offers of this type be reported immediately to the nearest OPA area rent office for investigation and appropriate enforcement action.

Cross told of one serviceman and his wife who reported that they found a six-room flat for the taking "if" they would completely redecorate the premises before moving in. On questioning the landlady they learned that "completely redecorating", meant painting and papering the walls and ceilings, and re-varnishing of all floors and wodwork.

Uncertain of their protection under OPA, and desperate for quarters, the couple was seriously considering the deal. However, the landlady's next statement that she had a "contractor friend who would be glad to do the work for you" aroused their suspicions and they reported the offer to the OPA, instead.

Cross again advised tenants to check with OPA before or after renting to determine the legal maximum rent, and the services it includes.

Doslands Now Here

Mr. and Mrs. H. J. Dosland have returned to Campbell from Nyack, N. Y., where Mr. Dosland was stationed while in the service. They are making their home temporarily with Mrs. Dosland's parents, Mr. and Mrs. E. O. Evans.

More Flu Victims

Mrs. Flo Wetzel and her house guest, Mrs. Pearl Mears, have been ill for several days with a severe case of flu.

Box Office Reporter

Shilrey Temple's first grown-up picture which comes to the Campbell Theater this week is a lively comedy adapted from the stage play "Kiss and Tell". It's a sophisticated drama built around two teen-age young women, engaged in selling tea-towels at a USO bazaar, who find business slow—so they start to sell kisses instead. This leads to a good deal of gossip and numerous neighborhood squabbles.

Co-starred with Shirley is an experienced cast including Jerome Courtland, Walter Abel, Robert Benchley, Porter Hall and Tom Tully. Richard Wallace has done an excellent job of direction.

Rossini Rites Held

Death last Saturday claimed Andrew Rossini, father of Mrs. Clarence Subdon and stepfather of Mrs. Peter Spragia and Anthony Raffanti. He also leaves a granddaughter, Rosemary Cervante.

Funeral rites were conducted on Tuesday at 2 p. m. at the funeral parlors of W. B. Ward Undertaking Co. with interment at the Santa Clara Catholic Cemetery.
